## **DETAILED ACTION**

### **Reason for allowance**

The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed Memory Cell Array having bit lines disposed parallel to and at a distance from one another and having a column-wise connection to source/drain regions, bit lines being applied as strips of a semiconductor material doped for a second conductivity type being opposite first conductivity type, on top side of semiconductor such that source/drain regions being connected to one another column-wise; and a barrier layer disposed as a diffusion barrier between top side of semiconductor body and bit lines.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
